

Questionario autovalutazione della scuola

La nostra scuola è stata impegnata nella realizzazione di un processo di autovalutazione e miglioramento finalizzato ad individuare punti di forza ed aree di miglioramento.

A tal fine si sono sottoposti questionari online il cui scopo è stato quello di rilevare le opinioni e percezioni di tutte le componenti della scuola in merito al livello di qualità di gestione della nostra scuola.

I dati raccolti sono stati analizzati e si sono identificati i principali punti di forza e aree di debolezza.

Il questionario, articolato in 20 o più domande, è stato sottoposto in forma anonima.

I dati da commentare sono stati raccolti nei seguenti grafici, riguardanti ogni domanda.
